INDEX OF NAMES

Key:

L–V W: = *Langford – A Village Walk*

LTL1:= *Langford through the Lens*, volume 1

LTL2 = *Langford through the Lens*, volume 2

LTN = *Langford Then and Now*

(All these books are currently available via this website)

The number after the colon is the page number in the particular publication, e.g., LTL1: 2 = *Langford through the Lens*, volume 1, page 2

Note that some people may have the same name so that a single reference could refer to two or more people or the same person. Also, names have been included as printed (even where it seems they might have been misspelt and, except where the person can be identified with certainty, such as the Rev Ewbank) so that William Smith could be entered as, e.g., Smith, William, or Smith, Will, or Smith, W, or Smith, Bill, so all options should be tried.

In the Langford History Society booklets most people are shown in photos but a few are just referred to.

In *Langford – A Village Walk* the references are just to the text and not to photographs.

We are grateful to Ralph Turner for the use of his index to *Langford – A Village Walk* which has been incorporated into this index.

War Memorials/Rollof Honour: In addition, where a name appears on either of the two village War Memorials, '**WM(CH)**' refers to the memorial in the churchyard and '**WM(CT)**', to the clock tower memorial. For further details consult
